

LONE BIRCH

2023 | YAKIMA VALLEY

CHARDONNAY

ESTATE GROWN

Our family has been farming in the Yakima Valley for four generations. With a love for the land, our great-grandfather planted birch trees throughout the property. Over time, the trees disappeared with the exception of one “Lone Birch” which continues to stand guard over our vineyard. This tree ties us to our past and inspires us to care for the land for many generations to come.
